

St. Gregory Barbarigo School Handbook

MISSION STATEMENT OF ST. GREGORY BARBARIGO SCHOOL

The mission of St. Gregory Barbarigo School is to advance the educational ministry of the Catholic Church through Christian faith formation, service to the community and world, and a strong tradition of academic excellence provided in a safe and cohesive educational environment.

ST. GREGORY BARBARIGO SCHOOL PHILOSOPHY

Keeping in mind the Church's definition of Catholic Schools as vehicles for imparting the Christian message, forming community, and giving Christian service and the fact that "The Catholic School is a community created to help each person grow to his/her fullest potential in faith, in expression of faith through worship, in skill development, in human interaction, in human interdependence, and in service to humankind" (Philosophy statement of the Diocese of Kansas City-St. Joseph)

We, the faith community of St. Gregory Barbarigo Parish, embrace the following philosophy for our parish Catholic school:

- **To teach the history, doctrines, spirituality, and practices of the Catholic faith,**
- **To provide a loving Christian atmosphere in which each student may actually live his/her faith now and hopefully later on in the larger world,**
- **To integrate the above into a comprehensive academic education for the development of the whole person,**
- **To encourage and promote service and activities with the wider community, so that each student might learn to love their neighbor in deed, as well as in word.**

Parents, being the primary educators of their children, have the responsibility to communicate and educate their children in the Catholic faith. Teachers help parents with their monumental task of being educators and example givers. Parents and teachers alike must cooperate with each other to reinforce and impart Christian values to their children. Volunteer work in the school, Parent-Teacher Organization, active membership and participation in the work of the School Board are recommended ways of parental cooperation. Each student must be seen as an individual gift of God and needs to be respected as such. His or her unique talents must be recognized and allowed to grow at a pace appropriate to his/her age.

ST. GREGORY BARBARIGO SCHOOL GOALS AND OBJECTIVES

St. Gregory Barbarigo School is a vital part of the Catholic Educational System of the Kansas City/St. Joseph Diocese. St. Gregory Barbarigo School has as its priority to teach the gospel message, to build community, and to serve the human community through prayer, worship, and social action. It is essential that the school provide these opportunities for its students in an atmosphere of trust, enthusiasm, and general concern for every child. The achievement of these goals is St. Gregory Barbarigo School's contribution toward developing a fuller Christian family life, responsible citizenry, a caring society, global moral consciousness, and an environment in which the pursuit of peace and justice is recognized as the norm for daily living and interaction with others.

Christian living must be practiced in order to be learned. Our prime objective is to provide a learning experience, which will develop persons strong in faith and knowledgeable of their faith. It is the purpose of the St. Gregory Barbarigo School faculty and staff to achieve this objective in the following manner:

- To develop an awareness that each child is a unique individual.
- To awaken each child to the realization that he/she can make the world better through personal endeavors to develop a consciousness of genuine personal charity, social justice, and respect for each individual.
- To provide practice in developing good study habits and a conscientious application of mind to the tasks given so that each will be helped to develop the potential within.
- To provide an adequate, sequential curriculum enabling an excellence in academics to be a realistic goal for achievement.

- To create an atmosphere of trust, enthusiasm, and awareness that will promote the growth of a healthy self-concept.
- To teach personal responsibility, acceptance, and respect for one another through classroom opportunities as well as through the example of each faculty member.

Collaboration with the early childhood centers and schools, especially teachers and early childhood providers/early childhood aides, will promote the best interest of each student and assist the parent or guardian in fulfilling his/her role as an educator. Parents or guardians are urged to participate in school-related and church-related organizations and activities.

The principal is required to provide volunteers with periodic updates from www.virtus.org. (250.8)

ADMISSION POLICIES

Open Enrollment

The Diocese maintains a policy of open enrollment in early childhood centers, elementary, and secondary schools. Open enrollment means that students meeting the center/school's reasonable academic and financial requirements are to be admitted regardless of race, ethnic origin, or creed according to the subsequent provisions and priorities of this policy. (300.1)

Statement of Non-Discrimination

Both faculty and students in true ecumenical spirit will welcome all students into the Christian educational community of the school or center. We admit students of any sex, race, color, national and/or ethnic origin to all the rights, privileges, programs and activities accorded to students of the school or center. (300.2)

Students with Special Needs

Catholic schools and early childhood centers should recognize the special needs of students with disabilities. While Catholic schools/centers are not equipped to provide for all of those needs, the schools should attempt to address the special learning needs of students to the greatest possible extent within the parameters of the school's financial and human resources. It is important that schools/centers fairly evaluate both students' special needs and their own capabilities of addressing those needs.

Prior to admitting students with special needs, schools/centers should consider their ability to provide the proper resources to accommodate the student and to provide him/her with an appropriate education/care. Schools must obtain complete information from the student's parents and from all prior schools before determining what steps are necessary and feasible to meet the student's educational needs and whether the school can do so without undue risk to the student or to other students or staff.

If there is an IEP or Service Plan in place, the parent must inform the school and provide a copy to the school. When a special need becomes evident only after a student has already been admitted, the school must likewise obtain appropriate information related to the special need. The schools should then ascertain what is necessary to address the need and whether it is feasible for the school to meet the need. If the school finds it cannot properly educate a student after implementing adjustments and/or modifications, if a student continually disrupts the learning of other students, or if the student's abilities were misunderstood or misrepresented and the school does not have the resources to accommodate the student's special needs, the school may need to terminate the student's enrollment. The school must, however, assist the family with the placement of the student in another educational program and participate in any necessary referrals.

Principals and directors shall work with the local school district to ensure that all students are receiving the services to which they are entitled by law. The Diocesan Special Needs Coordinator should be consulted for additional support and for information about resources available in the community. (300.3)

Admission with Special Needs

Schools should obtain current diagnostic evaluations and authorization to exchange information with specialists and agencies, in order to make informed decisions about admitting students with special needs and providing them with appropriate accommodations during their term of enrollment. These evaluations and related documents should be part of the student's cumulative record. (330.3.1)

Desegregation Position

The Diocese sponsors and promotes racial integration in all of its early childhood centers and elementary and secondary schools. (300.4)

Parental/Guardian Commitment to Purposes of Catholic Education

The development of the whole person of the child or youth--spiritually, intellectually, personally, socially and physically--is the focus of Catholic education. Parents/guardians, as the primary educators of the children, have the responsibility to become partners with the administrators, teachers, and early childhood providers/early childhood aides, and play a significant role in this educational ministry as they daily witness to the meaning of mature faith and Christian living. Accordingly, students should be admitted to Catholic schools and centers only if there is parental/guardian commitment to the principle that religious formation is the foundation of Catholic education. The CSS has created two covenants --- Parent-Teacher Covenant and Family Covenant. Schools should include both in their parent handbook. Parents are required to sign that they have read the handbook and commit to both covenants. (300.5)

SGB -Local New Family Orientation

- *All new families are invited to an orientation before school begins.*
- *Times are scheduled for new preschool families to visit the school before the first day.*

Throughout the winter and spring, prekindergarten children will be given the opportunity to visit the school and participate in kindergarten classroom activities. This program offers new students and parents the opportunity to become familiar with the school staff and program. One parent or guardian is expected to attend the scheduled orientation meeting in the spring.*

Local Admission Policy

Each school or center is responsible for having a written policy for admission, including a policy regarding a family's ability or inability to meet its financial obligations consistent with all diocesan policies and structures. This policy shall be promulgated in writing to all parents/guardians and parishioners and shall be included in the Parent Handbook. Local admission policy as it relates to inability to meet financial obligations shall be in accordance with IRS regulations. (300.6)

The school relies on tuition payments, parish support and donations for its financial stability. The following policies have been enacted to secure financial stability while affording all parties of good faith opportunity for a Catholic education.

No parishioner's child will be denied the benefits of a Catholic education because of inability to pay.

St. Gregory Barbarigo School and Parish offer an assistance program for tuition for K-8th grade students. The Tuition Assistance program is for families experiencing financial difficulty. Whenever families can afford to, they should contribute to the Tuition Assistance fund to help pay back the assistance they received. Families are still responsible for bus, PTO dues, lunch, milk, technology, and band fees. Tuition assistance is available to all kindergarten through 8th grade students. An application for this assistance program is available during spring registration or by contacting the principal.

As part of the enrollment process, all school families must sign up for a Blackbaud Account. Blackbaud is the 3rd party vendor that bills and collects tuition for St. Gregory Barbarigo School.

1. Standard Payment Schedule

- **Upon enrolling a child(ren) at St. Gregory Barbarigo School, each family will be required to sign up for Blackbaud. Payments are made on a 10 month schedule for the following year.**
- **Tuition is based on the number of children a family has enrolled at St. Gregory Barbarigo School and the family's status as registered parishioners of St. Gregory Barbarigo Church. Tuition fees include: tuition, bus, PTO dues, milk for kindergarteners, technology, and band. The fee schedule is listed in the school directory.**
- **Tuition payments are due each month to Blackbaud based on the date you choose when you sign up for your Blackbaud Account. The entire year's balance must be paid by June 1st.**
- **If a family is unable to adhere to the established payment plan and fails to make payments as set up with Blackbaud, they will be charged a late fee by Blackbaud.**

2. Establish Alternative Payment Plan with Principal

- **If a family is unable to meet their financial agreement to pay school tuition, a meeting will be scheduled with the principal to discuss payment options and any extenuating circumstances.**
- **Should a family fail to respond to the request by the principal for a meeting within a two week period, the matter will be turned over to the tuition committee for review.**
- **If a payment is not received within 10 days of meeting with the principal, the family will be required to meet with the tuition committee.**
- **If a family on an alternative payment plan is delinquent by a period of one month, they will be required to meet with the tuition committee.**

3. Tuition Committee

- **The tuition committee will consist of the principal, the pastor, and the parish business manager.**
- **The tuition committee will offer assistance, guidance, and follow-up recommendations on any issues regarding tuition payments.**
- **The tuition committee will act as the executor of the Scholarship Assistance Fund.**
- **The tuition committee may meet with families requesting funds.**
- **At no time will all funds in the Scholarship Assistance account be used towards one family. Partial funds will be kept in reserve for unexpected tuition requests. This reserve will also be used at the discretion of the tuition committee for tuition expenses.**
- **In the event there is no response to all of the above procedures and no effort has been made to remedy the delinquent account, the student(s) in question may be removed from the enrollment roster for St. Gregory Barbarigo School until such account is paid in full. If an account is delinquent, the family will not be allowed to enroll children for the next school year until the account is paid in full or other financial arrangements have been made with the principal and / or tuition committee.**

4. Legal Action

- **A lawyer will be contacted to collect all money on delinquent school accounts after all of the above methods have failed.**

If students should depart from St. Gregory Barbarigo School before the end of the school year, prepaid fees will be refunded effective the next full month after departure.

The concept of student/teacher ratio must be considered when planning the delivery of educational services. The maximum class size will be 25 students for kindergarten through eighth grade. Parents/guardians may appeal to the administration and school council in extenuating circumstances where the class would exceed 25 students. If the number of students in kindergarten exceeds 20, a teacher's aide will be required.

Through the registration process, the director/principal shall obtain from each family enrolling into the school or center information to be used in establishing cumulative files, in seeking previous records, and for establishing files to be used in the event of an emergency. If the student is transferring from another school, the registration will not be finalized, and the student will not be formally admitted until all previous school records have been received and reviewed by the administration.

DISCIPLINE

Christian Behavior Policy

We are representatives of Christ on earth, and the core of our mission is to live a Christ-centered life. Therefore, our expectation for behavior of staff, students and families is the high bar of the Gospel. Students, staff and community are expected to behave in a manner which witnesses Christian charity and values. Each person’s dignity must be valued and guarded, in our speech and our actions. (340.2)

Policy Statement

Achievement of a positive, orderly learning environment for all children and youth is the chief goal of any disciplinary code. The growth and development of the child or youth and his/her own self-concept shall be the major concern in all disciplinary planning.

The disciplinary code shall aim for behavior proceeding from a positive self-concept and internalized conviction rather than proceeding from externally enforced controls.

The mission of Catholic education is to proclaim the mission of Jesus and His Church. Catholic education is faith-based in the Gospel, communal, and person-centered. Therefore, all disciplinary philosophies, procedures and actions must meet the following criteria:

- Discipline shall be rooted in the Teachings of the Catholic Church.
- Discipline shall promote the moral welfare of the school community.
- Discipline shall care for the dignity of the person and of each individual student in a Christ-centered manner.
- Discipline shall include appropriate parent/guardian involvement.
- Discipline shall promote a Catholic environment that advances and promotes the Catholic educational process.

The inherent authority of the director, principal, or teacher to control the school or classroom goes beyond the specific procedures described in this manual. The Superintendent of Schools will develop any further procedures as needed. (330.20)

Promulgation of Discipline Codes

The principal or director shall promulgate to teachers and early childhood providers/early childhood aides, parents/guardians and students the full disciplinary code which is based on the diocesan discipline policy. (340.1)

SGB--Local Discipline Teaching

The primary function of the school is to provide a quality education in a Christian atmosphere, which allows the complete growth of the child. Discipline is an integral part of the learning process that allows us to teach each child to control his/her own behavior in an acceptable manner. Parents and teachers with students should work continuously to stimulate growth. As a result of this partnership in the child's education, the child will learn to adjust his/her behavior to grow toward self-discipline. Together, teachers and parents are urged to unite in their efforts to make St. Gregory Barbarigo School a center of Christian community living by enforcing the following principles. The following life skills, which St. Gregory Barbarigo School also refers to as Christ Skills, are taught and role modeled in our classrooms and entire school community:

<i>Integrity:</i>	<i>To be honest, sincere and of sound moral principles.</i>
<i>Initiative:</i>	<i>To do something because it needs to be done</i>
<i>Flexibility:</i>	<i>The ability to alter plans when necessary</i>
<i>Perseverance:</i>	<i>To continue in spite of difficulties</i>

<i>Sense of Humor:</i>	<i>To laugh and be playful without hurting others</i>
<i>Effort:</i>	<i>To try your hardest</i>
<i>Common Sense:</i>	<i>To seek solutions in difficult situations</i>
<i>Problem Solving:</i>	<i>To create solutions in difficult situations and everyday problems</i>
<i>Responsibility:</i>	<i>To be accountable for your actions</i>
<i>Patience:</i>	<i>To wait calmly for someone or something</i>

<i>Pride:</i>	<i>A satisfaction from doing your personal best</i>
<i>Resourceful:</i>	<i>To be able to deal effectively with problems when they arise</i>

(340.4)

SGB--Local Bullying Policy

Definition: Bullying is when a person or group of people deliberately and persistently target someone with the intention of hurting them. It is often difficult to determine what does and does not constitute bullying. For consistency, fairness, and educational purposes, the following criteria will be used to determine evidence of bullying behavior: the acts must be intentional, imbalanced, and repeated.

Intentional: Bullying incidents are not accidental. Rather, the bully intends to inflict harm or discomfort upon the victim.

Imbalanced: Bullying occurs in an interpersonal relationship characterized by an imbalance of power, physical or psychological. Bullies are adept at identifying other students who lack the skills, abilities, or personal characteristics to defend themselves.

Repeated: To be considered bullying, the acts must not only reflect intention and an abuse of power, they must also occur more than once. It is when incidents are repeated and beyond control of the victim that bullying is occurring.

Bullying can be:

- **Psychological:** deliberately being unfriendly, ignoring someone, leaving individuals out, hurting someone's feelings, tormenting (e.g. hiding books, threatening gestures, handwritten notes making the target feel singled out and uncomfortable)
- **Physical:** pushing, hitting, kicking, punching or any use of violence
- **Sexual:** unwanted physical contact or sexually suggestive comments or actions
- **Verbal:** name calling, sarcasm, spreading rumors, teasing, threats, foul language
- **Racist:** racial taunts, graffiti or gestures
- **Cyberbullying:** harassment, bullying, intimidation, or invasion of privacy inflicted through electronic media.

No Tolerance Statement on Bullying

St. Gregory Barbarigo School believes all students have a right to a safe and healthy environment. Bullying of any kind will not be tolerated at St. Gregory Barbarigo School.

Reporting of Bullying

- St. Gregory Barbarigo School expects students and/or staff to immediately report incidents of bullying to the principal or designee
- Staff are expected to immediately intervene when they see a bullying incident occur
- Since most bullying happens without a teacher witness, parents are encouraged to inform teachers or the administration about instances of bullying. Together, with the student, we will work to make the school a safer place.
- Each complaint of bullying shall be promptly investigated by the principal and documented.
- This policy applies to students on school grounds, while traveling to and from a school-sponsored event, and at all school-sponsored events on or off campus. A student who participates in Cyberbullying, regardless of where or when they engage in those activities, may be held criminally liable under several state and federal statutes, including the Missouri Safe Schools Act. Although Cyberbullying may occur outside of school property and hours, there is pending legislation that focuses on the effect that such activity has on the orderly operation of a school. If it is determined that a student of St. Gregory Barbarigo School has been engaging in CyberBullying activity, the matter will be brought to the principal, who will determine the appropriate action, including legal action if appropriate.

If the inflammatory material appears on a public or semi-public venue such as a blog or social network, the student should immediately tell a trusted adult. Many students, however, feel embarrassed by such harassment and may only discuss it with a peer. Students, therefore, have a responsibility to encourage and support friends as they report any form of bullying. If a student refuses to get help, peers should let an adult know. This behavior is not tattling, and it may save a friend's life.

Consequences of Bullying

The classroom teacher will manage the situation and inform the principal/pastor.

- Involvement of all school staff for a consistent approach
- Encouraging students and parents to report bullying

Sexual Harassment

Please see Policy on Ethics and Integrity in Ministry. (340.3)

Complaint Procedure

Any employee or student who believes he or she has been sexually harassed should report the complaint to the Principal or Director. The Principal or Director will gather preliminary information and then report the complaint to the CSS. Upon receiving a complaint of sexual harassment against an employee or student, the CSS will investigate and, if the complaint is substantiated, will confer with the Principal or Director to initiate the appropriate disciplinary action. (340.7)

Acceptable Discipline

Students must learn that there are consequences associated with all behavior.

Disciplinary action (or consequences) should be tailored to the gravity of the offense or infraction, to the age and maturity of the student or child, and to the overall effect on the growth and development of the student or child. For grades 6 through 12, it is recommended that the principal form a disciplinary board to assist him/her in the review of more serious or repetitive misbehaviors.

Acceptable disciplinary actions may include any one or more of the following; reminders, conferences with the student, conferences with parents or guardians, time-outs, limited deprivation of privileges, peer mediation, counseling, detention, paying for vandalism, suspension, and/or expulsion. When a law has been broken (such as incidents involving narcotics, weapons or making threats to persons or property) the student may be referred to the proper civil or criminal authorities. (340.8)

Parents/guardians shall always be notified of student detentions. Parents/guardians of elementary students shall be notified in advance of the detention. (340.10)

Procedures for Suspension

Schools using suspension as a mode of discipline must publish guidelines to govern suspensions in conjunction with diocesan guidelines. Suspension of students may be in-school or off-campus. Suspensions should be used sparingly and only for more serious infractions or unacceptable behavior. Repeated suspensions of the same student indicate the need for alternative action. (340.11)

Procedures for Expulsion

Expulsion of a student from a school or center shall meet one of the following criteria:

1. Other avenues of remediation of the unacceptable behavior have been exhausted.
2. The moral and /or physical well-being of the student and/or school community is at risk.
3. The student in question exhibits prolonged and open disregard for policy, personnel, fellow students, and/or property.

The final determination of expulsion rests with the Superintendent of Schools after communication with the principal or director of the situation.

Student behaviors that are cause for expulsion shall be clearly stated in the disciplinary code which has been published or communicated throughout the school community. The following procedures shall be followed when necessity dictates the expulsion of a student:

1. For elementary schools, the principal shall inform the CSS and the pastor/pastoral administrator or priest representative of the situation and surrounding circumstances PRIOR to the act of expulsion.
2. For secondary schools, the principal shall inform the CSS of the situation and surrounding circumstances PRIOR to the act of expulsion.
3. The student and his/her family shall be informed formally of the expulsion by:
 - a. A conference including the parent(s)/guardian(s), student, principal and, if necessary, teacher and/or counselor; and
 - b. Written communication.
4. The principal shall send to the CSS within three days a complete written summary of the action and the circumstances leading to the expulsion.

Expulsion should rarely be a surprise and should be considered a last recourse. Prior to expulsion, serious effort must be made to help the student change his/her behavior. (340.12)

A Student Subject to Criminal Charges

At the discretion of the principal, Pastor, or director, a student who has been charged with a crime may be suspended or placed on probation pending the outcome of the charge. The Superintendent of Schools shall be immediately notified of such an event. (340.13A)

Search and Seizure

A school official may search individual students and individual student storage areas such as backpacks, desks, lockers, and motor vehicles under the following circumstances:

1. The official has reasonable grounds for suspecting that the search will produce evidence that a student has violated or is violating either the law or a school rule or regulation; and
2. The search is conducted on school premises or at a school event in a manner which is reasonably related to the objective of the search and not excessively intrusive in light of the age and gender of the student and the nature of the suspected infraction.

If a student is not or will not be present at the time a search of the student's storage area is conducted, the student shall be informed of the search as soon as is reasonably practicable after the search has been conducted.

A school official shall not conduct a search which involves:

1. The removal of any undergarment or underclothes;
2. A body cavity search;
3. The use of a drug-sniffing animal to search a student's body; or
4. The search of a student by an official not of the same gender as the student.

School officials may conduct periodic inspections of all, or a randomly selected number of, school lockers, desks, and other facilities or spaces owned by the school and provided as a courtesy to a student, even if there is a separate lock on the locker or other space. Such an inspection may occur whether or not the student is present. Two adults must be present during any search. (340.14)

Search by the Police

The principal or director may involve the police in a search if there is reason to suspect criminal activity or danger to any person or persons. (340.15)

Cooperation with Law Enforcement Personnel

Schools and centers shall endeavor to cooperate with requests by law enforcement personnel in the course of criminal investigations. If law enforcement personnel come to the school or center seeking to interview a student or child as part of a criminal investigation, the principal or director (or his/her delegate) shall notify a parent or guardian of the student/child in order that the parent or guardian may be present for the interview. However, if law enforcement personnel advise the principal or director that the subject of the criminal investigation is a parent or guardian, the school or center should not contact the parent or guardian prior to the interview.

If for any reason a parent or guardian is not present for the interview of a student or child on school or center premises, one (1) school or center employee should be present for the interview. At any point that it becomes apparent that the student or child is suspected of criminal activity, the interview should be suspended until a parent or guardian is present.

A record should be kept of the attempts by the school or center to reach the parent(s) or guardian(s). (340.16)

SGB--Cell Phones / Electronic Devices

Cell phones and electronic devices are a disruption to the educational process and are not allowed at St. Gregory Barbarigo School during the school day. However, many families wish their children to have access to cell phones

before and after school. To protect all students and their phones, we have the following policy:

- Cell phones may not be powered on during the school day.
- Although teachers will take care to keep the phones safe during the school day, St. Gregory Barbarigo School and its teachers are not liable for any phone lost, stolen, or damaged on campus.
- Bringing a cell phone to school is a privilege, not a right, and privileges may be revoked at any time.
- Parents must sign the cell phone registration form each school year and return it before the child brings the phone to school for the first time.
- In the event that the child brings a different or new phone, parents must sign a new cell phone registration form.
- At school sponsored events, the use of cell phones and/or electronic devices will be at the discretion of the teacher/sponsor.

ATHLETICS

SGB--Local-Athletic Handbook

St. Gregory Barbarigo School Athletics Philosophy Statement

The primary purpose of St. Gregory Barbarigo School's athletic program is to meet the school related interests and needs of students that are not provided for by the curricular program of the school.

The athletic program is an extension of the classroom, and while athletics at the secondary level take on a more competitive nature, Christian values of fairness, honesty, self-discipline, cooperation, effort, dedication, determination, discipline, respect, integrity, dignity, responsibility and leadership are an integral part of the participation of students, coaches, parents/guardians and fans at all levels of play---and when supported with a sound academic foundation we have achieved the ultimate goal of education.

Our program goal is to supply our young people with as many productive experiences as possible to make each person a better member of society because of his/her exposure to the basic principles taught through athletics. The athletic program is organized so that each student may participate according to his/her interest. There is a place for every student and every student is encouraged to take part in at least one sport.

Eligibility to Participate

Before a student can participate, this includes practice, they must have completed the following and have them on file in the office (350.2, 350.3):

1. Current physical examination form
2. Signed Parent's or Guardian's Permission to Play form
3. **Acknowledgement of concussion protocol form**

If a student has not completed the above requirements, they must be in attendance (observing only) to avoid an unexcused absence. Three days of only observing will equal one unexcused absence.

ADDITIONAL REQUIREMENTS (350.5 and 350.9)

- Students must be academically eligible and display sportsmanlike behavior
- Students must not have exceeded the limit of three unexcused absences.
- Student is not presently under suspension from school

Student Eligibility - Elementary School

Eligibility should run weekly from Tuesday to Tuesday. Teachers should notify the principal of ineligibilities on Mondays, and the principal or athletic director should notify the coaches of ineligibilities. Notice should be given to the players and parents/guardians at this time as well. Notification on Mondays will give the coach sufficient time to plan for the week's competition. (350.5)

SGB--Local Eligibility –Grades

For athletic eligibility, the minimum grade average in each class each week must be a “C” average with no F’s.

If the weekly grade average for any class is at or below a C-, the student will be warned but not made ineligible for the first week his/her average for any class is a C- average or below.

If the weekly average is a C- or below for any second week (not necessarily a successive second week) then the student is ineligible for the next week.

Exceptions to the grade rule can be made for students with special circumstances as deemed by the building principal upon consultation with the teacher.

SGB –Local Eligibility – Behavior

Unsportsmanlike conduct will make the student ineligible. The length of ineligibility will be determined by the school principal and/or pastor with consultation of the student’s coach.

Eligibility shall run as stated above per Diocesan School Board Policy. (350.5)

Student athletes who abuse their health by using illegal or prohibited drugs will be suspended from the sport. Suspension will be at the discretion of the principal and/or pastor after consultation with the coach in accordance with school policy and MSHSAA policy.

SGB--Students Playing on other Teams

St. Gregory Barbarigo School (7th & 8th grade) participates in the Missouri State High School Activities Association (MSHSAA). SGB--Taking Students on a Bus

Our goal for travel is to provide a safe, efficient, and reasonable accommodating means of transportation for you and your students. Teamwork is the essence of any successful group. St. Gregory Barbarigo School encourages students to be as involved with their team as possible.

- ***If a student-athlete will be riding home with a parent/guardian, the parent/guardian must sign the sign-out form provided by the onsite coach/sponsor prior to leaving.***
- ***If a student-athlete will be riding home with another adult that is not the parent/guardian, the parent/guardian is required to sign and submit the transportation release form to the school office prior to the departure of the team bus leaving for the activity.***
- ***The on-site coach/sponsor will authorize emergencies allowing a student to ride with a parent.***
- ***Parents are responsible for transportation in the event the school does not provide a bus.***

SGB--Absences from Practice

The only absences or late attendance accepted as excused will be for tutoring, medical, dental or other emergency situations as approved by the coach or athletic director. Shopping trips, haircuts, disciplinary problems, etc. will not be considered an excused absence.

Student-athletes will be expected to clear an absence with their coach in advance of the absence.

Ill student-athletes cannot attend practices or games. Bona fide illnesses will be excused. However, if a student has to stay after school for disciplinary reasons or because they are not completing assignments, then their absence from practice will be considered unexcused. If a student comes to practice late, it will be considered an unexcused absence.

When an athlete receives the third (3rd) unexcused absence, they may be cut from the squad for the remainder of the season.

SGB--Responsibilities for Parents of Athletes

Parents will be scheduled to work home athletic events in which their children are participating. At the beginning of the season, a sign-up sheet will be sent home for you to indicate which job you would most like to do. These jobs include: gate, concession stand, scorebook and scoreboard. All parents of athletes are expected to help clean after home events.

SGB--REGULATIONS FOR 5TH AND 6TH GRADE TEAMS:

- ***If a student chooses to participate for another team, he/she shall place SGB practices and games first.***
- ***Missing practices or games because of the membership of another team will be considered an unexcused absence.***

30

Grievance Procedure

3. Notify the Catholic School Office promptly.

Clearing the building is necessary when so directed by the police, and such evacuation should be prompt and orderly. Cell phones should be turned off during a bomb threat. (400.9)

SGB--Active Shooter/Armed Intruder

School staff/faculty, as means of deterrence and preparation, will undergo active shooter/armed intruder training on a regular basis. The training itself, based off of the RUN-HIDE-FIGHT methodology, is designed to equip staff with the necessary knowledge to protect students, as well as themselves, should an active shooter/armed intruder incident occur. The information contained in the training will be discussed with students in a grade-level appropriate manner to ensure emergency preparedness throughout the school campus.

In the event of an active shooter situation/armed intruder on the campus of St. Gregory Barbarigo School and/or Parish, local law enforcement will work in conjunction with the school staff/faculty to ensure the following post-event necessities are met in a safe, effective manner:

- 1. Evacuation of students and personnel from all campus buildings.***
- 2. Reunification of students with their parent(s) and guardian(s).***

Given the fluid nature of the active shooter/armed intruder events, law enforcement will be working diligently to preserve the scene for safety, as well as evidentiary purposes. Should such an event unfold, parents are asked to refrain from approaching the vicinity of the school to retrieve their child until directed to do so by law enforcement and/or the St. Gregory Barbarigo TextCaster messaging system.

Post-event counseling services will be made available to students, staff, and faculty by the Kansas City-St. Joseph Diocese

SGB-- Emergency Notification to parents

Parents will be notified in the event of a major emergency and a directive to parents will be issued via text and email. We ask that you follow any instructions provided, rather than calling the school directly. Clearing the building is necessary when so directed by the police, and such evacuation should be prompt and orderly. Cell phones should be turned off during a bomb threat.

Asbestos

All schools and early childhood centers of the Diocese shall comply with federal and state regulations governing asbestos, asbestos removal, asbestos files, and public notification of the presence of asbestos in a building. Principals and Directors are to ensure that the periodic asbestos surveys are returned to the Diocesan Director of Property Management twice annually, on January 1 and June 1. A copy of the notification will be sent to the Diocesan Director of Property Management on or before September 1.

- St. Gregory's School has complied with the directives of the Diocesan Office with respect to the regulations governing asbestos, asbestos removal, asbestos files and public notification according to the directives. The file and letters of notification are found in the principal's office.***
- There is no asbestos in St. Gregory School or Preschool.***

Safety Inspections

The Principal/Director should work with maintenance and custodial personnel to ensure that there are regular safety inspections of the buildings and property. (400.11)

SGB--General Supervision

It is important to model and teach appropriate behavior to students from the very beginning and throughout the

school year. It is the responsibility of every teacher/coordinator to discipline students when appropriate. Teachers are responsible for the supervision of students and shall endeavor to protect their safety during the school day.

SG-Special Class Supervision (PE, MUSIC, Technology)

Generally, the classroom teacher is responsible for escorting students to and from special class areas. This is especially important in grades K-4. Upper level students may be allowed to transition between classes without adult supervision, depending on their ability to do so in a responsible and respectful way. Teachers are responsible for the supervision of students in hallways and special class areas, and shall endeavor to protect the safety of students in these areas.

- Drivers must have a valid driver's license. A copy of each driver's license should be kept on file with the Principal or Director.
- When using personal vehicles for school purposes, the driver must carry liability insurance as required by state law. This is a key element because the insurance carried by the driver provides the primary coverage while diocesan insurance provides or may provide secondary coverage. These coverages are shown on the declaration pages of the individual's insurance policy. A copy of the State Insurance Card for each driver should be kept on file.
- No one may ride in the bed of pick-up trucks.
- Must be in compliance with the policy on Ethics and Integrity in the Ministry and the Critical Employment Policies of the diocese. (420.5)

In the event of a more serious illness or injury, the Principal or Director or his/her delegate shall use the emergency file to notify the parent/guardian, or his/her delegate as listed in the Emergency Student File for specific instructions on how to proceed in the treatment of the illness or injury.

This permission may be per event or annually. Permission forms to dispense medication should be kept in the school for a period of ten years.

Prescription medication may be dispensed only if:

1. It is not the first dose.
2. The medication is in the original prescription container.

- ***A note from school informing parents of communicable diseases and alerting them to watch for symptoms will be sent home if the need should arise.***

Student Pregnancy

Even with the care and guidance of the Catholic family and school community, a student may become pregnant. At such time, the school has a dual responsibility toward the student and the school as a whole. The good of the school community requires that the school continue to teach the value of chastity and to oppose anything that would encourage premarital sexual activity. The school must continue to promote a respect for all life, especially that of the unborn, and must stand strongly against abortion. In considering the good of the student(s) involved, we follow the leadership and directives of the Catholic Church, which urges us, as an educational and faith community, to provide an environment where a pregnant student can find support, compassion and forgiveness. We further hope to offer students who have already experienced an abortion a spirit of reconciliation. Therefore, we will not automatically expel such student from the school community. The school must recognize that the pregnant student or student father has made a choice that cannot be undone, and seek to offer support to carry the pregnancy to term. No attempt will be made to discipline the student(s) for the purpose of punishing a moral offense. This is an issue between the students, their priest-confessors, and God. Care will be taken that there is no

discrimination in the manner in which young men and young women are considered in this issue. The school will not encourage pregnant students or student fathers to get married. Nevertheless, the students are expected to assume responsibilities concomitant with the act of bringing a new human life into the world. This implies a change in their priorities. The pregnant student should be caring for herself as a mother-to-be. The father should respond in a stance of support for the mother and the child.

SUBSTANCE ABUSE EDUCATION

Substance Abuse Education

Schools shall be committed to the prevention of substance abuse through the implementation of educational programs on drug, tobacco and alcohol abuse. Schools should work with the parents/guardians to provide assistance in referral of afflicted students to appropriate rehabilitation agencies or professional personnel.

Any student who refuses to cooperate with either the school administration or the appropriate rehabilitation agency shall not be allowed to continue in school. Schools of the Diocese shall strictly adhere to existing laws and assist law enforcement agencies where violations of criminal laws are present or suspected. (490.1)

SGB-Local Substance Abuse Education

• *St. Gregory's participates in the Drug Awareness and Resistance Education Program (DARE) provided by the local & area public safety departments.*

AIDS AND OTHER CHRONIC INFECTIOUS CONDITIONS

General AIDS Policy

AIDS is an infectious condition, however, according to the Surgeon General's report on Acquired Immune Deficiency Syndrome, it cannot be spread in the same manner as a common cold or chicken pox, and none of the identified causes of AIDS in the United States are known or suspected to have been transmitted from one student to another through regular school contact. Therefore, students with AIDS who are enrolled or seeking enrollment should ordinarily be permitted to attend school in an unrestricted setting. They should be excluded from school only if exceptional conditions are evident, such as the inability to control bodily fluids or unusual physical aggression with a documented history of biting or otherwise harming others.

It is understood that the Department of Health will notify "the head of a private school" of students who are infected with the HIV (AIDS) virus. It is anticipated that such notice will be given to the Superintendent of Schools. (495.2)

Policy for AIDS and Other Chronic Infectious Conditions

Students, faculty or staff having evidence of HTLV-III, HIV-I, or HIV-2 virus infections, or symptoms associated with acquired immune deficiency syndrome (AIDS) or AIDS-related complex (ARC), should not be restricted from school or work setting unless after a medical review such action is recommended, all in conformance with the Diocesan AIDS policy. (495.1)

Procedure for AIDS and Other Chronic Infectious Diseases

1. If notice is given to the Principal or Director, the Principal/Director shall immediately notify the Superintendent.
2. The Principal or Director, in consultation with the Superintendent, shall immediately appoint and assemble an Advisory Team. The Pastor/Pastoral Administrator, or someone designated by the Pastor/Pastoral Administrator, should be a member of the Team. The student's physician and at least one of the student's parents (or guardians) should generally be asked to serve on the Team. Other appropriate persons, such as a public health officer, a psychologist, and a social worker, may also be appointed to the Team.
3. The Team shall meet as soon as feasible after it has been appointed. It should: • Be advised of and consider the current

recommended policies and procedures of the Missouri Department of Health;

- Assess the student's condition based on data made available to it;
- Advise the Principal or Director whether, in the opinion of the Team any restriction should be imposed on the student's attendance or activities at school/center.
- Advise the Principal or Director as to which staff members have a medical reason to know the identity and condition of the student. Ordinarily, this would be staff persons who are responsible for providing health care during the school day and those likely to be in a position to render first aid to the student;
- Protect the student's right to confidentiality;
- Report its recommendations to the Principal/Director, the recommendations to be in writing if so requested by the Principal or Director.

4. The student's doctor should be requested to evaluate the risk of infection to the student with HIV because students with HIV risk severe complications from other infections commonly picked up in school such as chicken pox and other infections. If the doctor should recommend higher-than-average absenteeism, the student's teachers should be encouraged to help the student keep up with classes as much as the teacher's other duties will permit.

The number of people who are made aware of the infected student's identity and condition should be kept to the minimum needed to assure proper care of the student and to detect any extraordinary situation that may present a potential transmission of the virus. Every person receiving information about a student with HIV should recognize his or her obligation to treat and keep that information confidential and should be aware that Missouri law provides for civil damages for breach of this confidentiality.

Staff Precautions

The Center for Disease and Control has issued guidelines which are set forth in 360.95 which are entitled "Precautionary Measures for Cleaning Blood and/or Body Fluids." These guidelines should be followed. Note that they do not apply to feces, nasal secretions, saliva, sputum, sweat, tears, urine, and vomit unless they contain visible blood. However, thorough hand washing is needed in these latter cases. As additional guidelines and data are made available to the Principal or Director from the Diocesan School Office, they should be complied with unless there is a compelling reason not to do so. Parents should be adequately informed about the existence of this policy.

Universal Precautionary Measures for Cleaning Blood and/or Body Fluid

Because HIV and other infections or blood-borne pathogens are present in blood and other body fluids and because no one can determine visually whether such infection is present, the Center for Disease and Control recommends that Universal Precautions be taken in cleaning up spills of blood and/or other body fluids. The suggested guidelines and procedures are as follows:

Guidelines

1. Adopt a precautions policy to be followed by all school personnel (including administrators, early childhood providers/early childhood aides, teachers, food service, custodial staff, and bus drivers).
2. Keep rubber or latex gloves readily available for use by all personnel.
3. Provide a 10% chlorine bleach/90% water disinfecting solution in suitable containers at all workstations.
4. Keep proper disposable supplies available (paper and disposable towels, disposable gloves, heavy duty trash bags with twist ties) at all workstations (teaching, custodial, office, food service, buses).
5. Train ALL personnel in precaution procedures.
6. Periodically review and reinforce the precautionary procedures.

Procedures for Blood Spill/Body Fluid Clean Up

Follow instructions located inside blood spill clean-up kits, if provided. If no instructions are available, proceed using the following steps:

1. Don appropriate protective apparel. At a minimum, don a pair of disposable gloves, possible disposable gown/apron if clothes are likely to be soiled.

2. Use an absorbent or ample supply of paper towels to soak up blood spill and discard in a plastic bag. If blood cannot be compressed from the towels or does not drip from the towels, waste will meet the definition of regulated waste and may be discarded in regular trash. If the opposite is true, be sure soiled waste is placed in a biohazard bag.
3. Cleanse spill area with soap and water or detergent plus disinfectant solution
4. Wipe with hospital-grade disinfectant that is labeled "effective in killing human immunodeficiency (HIV) and hepatitis B viruses" or a bleach solution of freshly diluted (1 part bleach to 10 parts water) A 1:64 dilution is ¼ cup bleach in 1 gallon (16 cups) water.
5. Allow above to air dry
6. Discard clean-up towels/wipes into plastic bag.
7. Remove disposable gloves and discard in plastic bag.
8. Put on a second pair of disposable clothes, tie off the plastic bag and place it inside another plastic bag (biohazard or unlabelled depending on if waste meets the definition of regulated waste.)
9. Carry waste to appropriate receptacle.
10. Remove gloves and discard in regular waste
11. WASH HANDS with soap and water.

SGB--Local Staff Precaution Training

- ***Faculty and staff are given yearly training in compliance with OSHA standards for control of blood borne pathogens. The school nurse utilizing health department input reviews the blood borne pathogens exposure control plan annually.***
- ***This plan is available for review and copies can be obtained in the school office.***

CURRICULUM AND INSTRUCTION

CURRICULUM

Diocesan Curriculum Guide

The Catechism of the Catholic Church, Director for Catechesis, National Catechetical Directory and USCCB guidelines for religious instruction shall be used as a guide in the development of course content for grades Pre-K through 12 for the religion curriculum.

All professional staff should have ready access to the KC-SJ Diocesan Curriculum. They should be used in curriculum mapping and in long range planning.

SGB--Local Academic Dishonesty

St. Gregory students are expected to complete their own school work as instructed by teachers. If a student is found to be dishonest in his/her work, action will be taken.

- ***For the first offense the student may receive a zero on the assignment. In addition, the student will be expected to complete the given assignment to prevent a lapse in skills.***
- ***A subsequent offense in any subject area will result in a zero on the assignment and a detention, as well as the completion of the assignment. If the behavior continues, further action will be taken.***

SGB--Local Kindergarten through Eighth Grade Curriculum

St. Gregory School has a comprehensive kindergarten through eighth grade curriculum. With religion intertwined throughout the school day, the students receive instruction in the doctrines and practices of the Catholic Church

and have opportunities to develop their spirituality.

• Courses of study include the following areas/subjects: Reading, Writing, English, Spelling, Math, Social Studies, and Science. Theology of the Body, Music, Band, Technology, Physical Education, and Art round out the course of studies.

Early Childhood Curriculum

All early childhood programs shall be developmentally appropriate and shall follow the KC-SJ Diocesan Curriculum and/or the Missouri Standards for Early Childhood and the Core Competencies. (500.3)

SGB--Local Preschool Curriculum

• St. Gregory Barbarigo School provides a comprehensive preschool curriculum designed to meet the needs of children three to five years of age. This is a developmentally appropriate program that enables young children to grow spiritually, intellectually, socially, and physically. The preschool program provides a crucial foundation for a child's future excitement and involvement in continuous lifelong learning.

• The preschool curriculum is a two-year program with the first year emphasis on social and emotional development while the second year of preschool focuses on kindergarten readiness skills.

• Parents/guardians may choose to enroll in one of the three options: All day-- Monday through Friday; Three days--Monday, Wednesday, Friday; or Two days—Tuesday and Thursday.

Religion Curriculum

The Religion curriculum in a Catholic school is the heart and soul of the total educational program. Content of this curriculum should be developmentally appropriate to the abilities of children/youth.

The Religion program shall provide students with means to learn the doctrinal teachings of the Catholic Church, to experience the richness of sacred tradition, sacred scripture and the Deposit of Faith as echoed in the Creed through the four pillars of the Catechism of the Catholic Church.

All religion textbooks must be selected from the list of texts approved by the Ad Hoc Committee to Oversee the Use of the Catechism as established by the United States Conference of Catholic Bishops and determined for use by the superintendent of schools. (500.5)

SGB--Local Religion Curriculum

• Prayer at school is an important part of each day.

• Teachers are encouraged to use prayer methods of both formal and informal.

• The school day will begin with prayer and prayers will be said at various times throughout the day. • Formal religion classes are a scheduled part of our curriculum. The content will reflect the current approved teachings of the Church.

• Mass will be attended by all grades throughout the week. Each grade will plan and participate in the liturgy for that day. Mass begins at 8:00 a.m. Typically, grades 5th through 8th will attend weekly Mass together and grades kindergarten through 4th grade will attend Mass together. On the first Fridays of each month, all students will attend Mass with their Falcon Faith Families. All-school Masses will be held on holy days and selected days throughout the school year.

• The sacramental program is in cooperation with the parish sacramental preparation programs. In the second grade, students are given formal instruction in the preparation for the sacraments of Reconciliation and First Eucharist.

• Individual and communal reconciliation services will be scheduled during the school year for 2nd through 8th grade students.

Sacramental Programs

Elementary and high schools in the Diocese shall cooperate fully with parish sacramental preparation programs. The responsibility of providing adequate preparation before reception of the sacraments of First Reconciliation and First Eucharist are spelled out in Canon 777.

The catechesis and celebration of First Reconciliation must precede the catechesis and celebration of First Communion. (Cf. Canon 914)

A child is to receive adequate preparation for the sacrament of First Reconciliation before she/he receives the catechesis for First Communion. The catechesis of the two sacraments should be distinct and separate from each other so that the uniqueness of each sacrament may be fully celebrated.

The usual preparation for First Reconciliation is in the primary grade levels. The parents of the child are encouraged to participate in the preparation with their child at home and in appropriate family or parent sessions. After the necessary catechesis is completed the sacrament is to be scheduled and celebrated in the local parish. Parents should be encouraged to join their children in celebrating the sacrament of Reconciliation.

If it is determined that a child is not ready, no coercion should be made to keep the child with his/her "group" or "class". If the decision is made to delay the sacrament of Reconciliation, then the celebration of First Communion is

39

to be delayed until after 1st Reconciliation is sacramentally celebrated.

First Communion should also involve separate and distinct preparation for the celebration of this sacrament. Family and parent sessions are encouraged with preparation for the child occurring both at home and in sacramental preparation classes. The celebration is to be scheduled in the local parish at an appropriate liturgical time. (500.6)

Constitutions and American History

Missouri law governing education mandates instruction and testing in the Constitutions of the United States and the State of Missouri, as well as regular instruction in American History and American Institutions. It is recommended that such instruction be given in accordance with the policy of the local public school district. (505.1)

Schools shall make every effort to cooperate with the local public school district in which they are located to ensure the delivery of such services to the students enrolled in schools of the Diocese. (505.4)

SGB--Local Special Services

- *If St. Gregory School cannot meet the needs of a student's Individualized Education Plan (IEP) the student should not remain enrolled at St. Gregory Barbarigo School. - *The vision of strengthening and encouraging the many gifts within each child is shared by us as educators.*
- *It is our goal that through a comprehensive assessment process, children will realize individual educational success and an appreciation of their own capabilities as gifts from God.*

SGB--Local Philosophy of Assessment

- *Assessment is the avenue used by teachers to communicate to students and parents the child's observable progress. Assessment is based on the theories of learning. It is grounded in the skills and capabilities needed for future achievement and is self-regulated. To know something is to show that the knowledge received has been interpreted and demonstrated through a variety of techniques.*
- *While recognizing and respecting the different learning styles of the individual student, each teacher will assess the progress of each child through various evaluation methods.*

SGB--Local Assessment Procedures

Conferences

It is recommended that each school or center schedule parent-teacher/early childhood provider/early childhood aide conferences at least once per year. The permanent record is kept permanently on file at the original elementary or high school. Photocopies may be sent to schools requesting information. (510.5)

PROMOTION, RETENTION, GRADUATION

Promotion/Retention

All promotions, regular or special, and retentions should be decided by the Principal and the teacher in consultation with the parents(s)/legal guardian(s). Such decisions should be based on a total evaluation of a student's growth in all areas of his/her development. Parents should always act in consultation with the student's teachers, the final responsibility for a student's promotion or retention rests with the Principal. (520.1)

INSTRUCTIONAL PROCESS

Instructional Process

All teachers and early childhood providers/early childhood aides of the Diocese should be familiar with accepted characteristics of the instructional process and incorporate them into their professional work with students.

42

All Principals, Directors, teachers and early childhood providers/early childhood aides should be working to improve instruction and student outcomes by utilizing best practices in education. Technology should be used as a tool by all teachers in order to broaden the base of education and prepare students for their futures. (530.1)

Daily Schedule

In all schools and centers, a comprehensive daily schedule should be available to all school personnel, parents, guardians and students. The use of daily agendas for students is encouraged. (530.4)

Homework

Home assignments should be educationally sound, providing an application of previously learned material or a correlation between past and present material. Reading assignments are appropriate. It is inappropriate to use academic work as a punishment for undesired behavior.

Homework should not engender negative attitudes in the student, but rather enhance his/her independence and personal responsibility while promoting increased understanding and/or skill development. Immediate feedback is needed for student success. Teachers should return homework in a timely fashion. (530.7)

SGB--Local Homework Policy and Classroom Procedures

• Teachers will be required to distribute a syllabus/handbook for their classroom at Back to School Night. This document should include guidelines, procedures, and expectations for coursework and behavior.

An assignment is acceptable if the assignment is completed on time, the student has followed directions, and the student has completed the assignment to the best of his/her ability. This will be determined by the classroom teacher and/or the principal. Late and/or unacceptable assignments will result in the following Late Homework Policy for students in grades 4th-8th:

- 1st time Verbal Warning Full credit on the assignment*
- 2nd time Pink Slip sent home. Half credit on the assignment*
- 3rd time Pink Slip sent home and the student will receive a Late Lunch detention for the following day. A conference with the teacher, parents and the principal will be scheduled.*

If the assignment has been turned in, the student will be allowed to work quietly on other assignments. In addition, the student will be ineligible for athletics at all St. Gregory events and public school co-ops on the day of the detention.

- Books lost or damaged must be paid for by the student responsible for the damage.*
- Grades fifth through eighth grade will have access to the library at various times through their daily curriculum.*

TECHNOLOGY RESOURCES

Telecommunications and Electronic Information Sources

As telecommunication and other new technologies shift the ways in which information may be accessed, communicated and transferred, those changes may also affect instruction and student learning. The Diocese generally supports access by students to rich information resources along with the development by staff of appropriate skills to analyze and evaluate such

resources. In a democratic society, access to information is a fundamental right of citizenship.

Students are responsible for good behavior on school computer networks just as they are in the classroom or school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. The network is provided for students to conduct research and communicate with others. Access to network services will be provided to students who agree to act in a considerate and responsible manner.

Student use of telecommunications and electronic information resources shall be permitted upon submission of permission forms and agreement forms by parents/guardians and by the students themselves.

Cell phones are not normal and customary devices to be used in a network setting. Catholic Schools provide adequate and monitored computer network services for students to use for academic purposes only. Students are not allowed to engage in specific email, download, texting, or any other form of electronic communication that is not approved for academic use.

Network Rules

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system responsibility. Users should not expect that files stored on school servers will always be private.

The following are not permitted:

44

- Sending or displaying offensive messages immoral messages or images of any nature, especially of a sexual nature, e.g. sexting, pornographic images, images from a cell phone of a sexually explicit nature, etc.
- Using obscene language that is implicit and explicit
- Harassing, insulting, bullying, spreading malicious rumors, e.g. cyber-bullying or attacking others via • pictures, images and language electronically

2. Additional disciplinary action may be determined at the school level consistent with the Series 340. When appropriate, law enforcement agencies may be contacted. (550.81)

Parent/Guardian Permission Letter

A student must submit a signed permission form prior to obtaining independent access to any electronic information source or network on school premises. (550.9)
